Community Led Crime Action Plan Initiative (CLCAPs)

The Community Led Crime Action Plan Initiative has been developed to support the Police and Crime Commissioners "Three Key Aims". The CLCAPs are being developed at local level by the Community and Crime Reduction Resilience Officer (CCRRO) for East Riding of Yorkshire Council, Neighbourhood Watch (NHW) Coordinators and Humberside Police. The main purpose of the plan is to prioritise local issues with the aim of reducing the fear of crime and increase the self sustainability of safe communities in the East Riding.

The CLCAPs will empower and give focus to the role of Neighbourhood Watch. Priority issues will be set by the coordinators on behalf of their residents. The issues to be included on the plan will be agreed by the CCRRO and Humberside Police. We will then collectively agree realistic and manageable actions alongside local Town and Parish Councils and any other external partners, developing an inclusive approach to local issues.

The plans will enable NHW Coordinators to set their own priorities and include the issues that most concern residents and create a fear of crime. Local knowledge and engagement will improve the provision of services that are most needed in the area.

The CLCAPs will inform residents of any future or on going initiatives and actions already in place that tackle crime and anti-social behaviour (ASB). The plans will also highlight any good practice already happening that residents may not be aware of such as Safer Schools Partnerships and Fairway Processes. This will help to build public confidence in the agencies involved in creating safer communities.

Timely but realistic deadlines will be set to review each plan and the agreed actions (usually every 6 months) therefore improving accountability and communication. The plans and updates will be available to residents through NHW Coordinators and where possible through your local Town and Parish Councils.

The first CLCAPs meeting will take place at the Snaith Community Sports Hall, Pontefract Road, DN14 9LB on 27 March 2018 (6.30pm-8pm).
