Support During the Coronavirus Outbreak

With many residents self-isolating during the current outbreak, I know that some residents have been struggling to access shopping, prescriptions and other services due to the restrictions which are likely to remain in place for some time longer. That is why I wanted to make you aware of the fantastic help available by way of the **Snaith, Cowick and Rawcliffe Support Group** who are doing a great job of supporting residents locally. This support extends to Pollington and Gowdall too.

This group is fully registered and was established with the support of the local Town and Parish Councils. I have been supporting their efforts and I wanted to make you aware of their work locally and the support they can provide. They are keen to hear from residents needing assistance during these difficult times.

Please find enclosed a flyer from the group explaining how you can access the support available. The East Riding Council is also providing additional support for those who are most vulnerable and required to shield. If you need any help contacting these services please do get in contact.

I am working closely with your local Councillors, Caroline Fox and Liz Sargeantson, doing what we can to support residents during this difficult time. If you have any questions at this time you can reach us via the contact details below. I hope you will find the enclosed information useful and if I can be of any assistance on this or any other matter, please do not hesitate to get in touch.

Kind Regards

A handwritten signature in black ink that reads "Andrew".
